

FREE FACILITY ANALYSIS

Sending your productivity, performance and profits into overdrive!

GEARING UP FOR LEAN & GREEN

THE MARTIN SENOUR COMPANY is dedicated to process improvement and sustainability in the 21st century and beyond.

We have developed ground-breaking products, services and training to assist collision repairers in becoming **LEANER & GREENER BY REDUCING HAZARDOUS WASTE AND REDUCING THEIR CARBON FOOTPRINT.**

Let us lead you to the road to Improved Profits, Improved Productivity, and Improved Performance by conducting a Free Facility Analysis.

MARTIN SENOUR FACILITY ANALYSIS WILL:

- Focus on a shop's spray booth, air flow and equipment to assess the readiness for waterborne implementation.
- Introduce you to the IP Process™ Refinish System. This system not only impacts your environment by reducing your carbon footprint, but also impacts your bottom line by helping you to paint more cars.
- Offer equipment solutions to match or exceed production and productivity when switching to our Vortex® Waterborne System or IP Process™ Products.
