

iFEXTM spectro

CSP345

ACCURATE • FAST • GLOBAL

The iFEXTM spectro is a hand-held spectrophotometer designed for precise and consistent color measurement. This simple to use color tool provides for fast selection of color formulas to move more vehicles through the shop by eliminating the wasted time and expense of extended color matching. Whether used by a shop to improve throughput, or by a jobber as a value-added service, the iFEXTM spectro will provide consistent, fast, global color choices for any vehicle on the road today!

STEP 1

Clean the Surface to be Measured... make sure that the area being measured by the **iFEX™ spectro** is clean, dry, and free from any scratches. It is always a good idea to polish the area to be measured in order to get the best reading.

STEP 2

Measure the Vehicle... place the **iFEX™ spectro** against the vehicle and press the "Operate" button. It's that simple, and one measurement is all you need.

STEP 3

Upload your Measurements... connect the **iFEX™ spectro** to your **FormulaExpress® PC** via the USB cable and upload your measurements.

STEP 4

Choose the Best Match... with a couple of mouse clicks, **FormulaExpress®** analyzes the uploaded measurement from the **iFEX™ spectro**, and the innovative graphical display allows you to see just how close the results are to your vehicle before you ever mix a drop of paint. You have the option to choose from several measurements ensuring the best match every time.

iFEX™ spectro Advantages

- **Hand-held design is our most portable & durable unit ever... comes with a 24 month Manufacturer's Warranty**
- **Robust LED optics deliver consistent, accurate measurements with no warm-up required**
- **Access to an unlimited number of formulas via **FormulaExpress®**, our comprehensive color formula management system**
- **Formulas updated daily**
- **Supports the **Vortex®**, **TecBASE®**, and **Prism®** product lines**
- **Powered by four – AA batteries, it is inexpensive to use**
- **Innovative graphical display allows you to visualize your results before you ever have to mix a drop of paint... Ability to select the best result every time!**
